

FEATURECAM 3D MILLING TRAINING

1 Day Autodesk Accredited Training Course
Onsite | Classroom | Remote

AUTODESK
Authorized Training Center

Objectives

This course will instruct Engineers in the best usage and approaches for using FeatureCAM for 3D surface milling.

Audience

FeatureCAM users who have previously completed Basic Milling training.

Agenda

- FeatureCAM Interface
- FeatureCAM getting started
- 3D roughing strategies – Z level, parallel, plunge, vortex
- 3D finishing strategies – parallel & corner finishing, pencil
- 4-axis rotary
- Simulating and Post Processing the Job

“The course trainer was excellent and very helpful and went above and beyond to help us get to grips with the software that was new to us. The training centre and facilities are excellent and I would fully recommend Cadspec to any company looking for any training”

David Williams, Mucklow & Harris Ltd”
