

# FeatureCAM 2 Axis Turning

F

1 Day Autodesk Accredited Training Course  
Onsite | Classroom | Remote

 **AUTODESK**  
Authorized Training Center

## Objectives

This course will instruct Engineers in the best usage and approaches for using FeatureCAM for 2 axis Turning..

## Audience

No previous CAM experience is required although engineers must be PC literate and have an understanding of Engineering and Manufacturing principles.

## Agenda

- Autodesk FeatureCAM Interface
- FeatureCAM getting started
- Turning - AFR automatic feature recognition
- Facing & Boring
- Groove options
- Drilling
- Geometry creation techniques
- Tool databases
- Machining configurations
- Simulating and Post Processing the Job

*“The course trainer was excellent and very helpful and went above and beyond to help us get to grips with the software that was new to us. The training centre and facilities are excellent and I would fully recommend Cadspec to any company looking for training any CAD package. They will be our first point of contact for any future training*

David Williams (Senior Engineer) Mucklow & Harris Ltd

**CADSPEC**
