

# INVENTOR TUBE & PIPE TRAINING

1 Day Autodesk Accredited Training Course  
Onsite | Classroom | Remote

## Objectives

This course teaches delegates the functionality and basic workflows to add and document tube and pipe designs within the 3D environment.

## Audience

Delegates must have taken the Inventor Essentials training first, and understand engineering design & drafting.

## Agenda

- The tube and pipe environment
- Setting out routes and runs
- Placing fittings
- Rigid pipe, rigid tube and flexible hose designs
- Content libraries
- Publishing custom content
- Creating styles
- Documentation

*"The trainer has been incredible, he taught us loads and catered the training to each of our levels. He was friendly, patient and helped us out with all of our technical queries"*

John – Spectrum Technologies
