

# VAULT BASIC ESSENTIALS TRAINING

1 Day Autodesk Accredited Training Course  
Onsite | Classroom | Remote

**AUTODESK**  
Authorized Training Center

## Objectives

This course covers all features in Autodesk Vault for managing files & projects. Delegates will learn how to organise & share files, manage file versions & integrate Autodesk Vault with various Autodesk products.

## Audience

Inventor Essentials experience is necessary. Mechanical design, drafting or engineering experience is highly recommended. This course is for Admin users.

## Agenda

- Introduction to Vault features
- Basic Vault tasks
- Working with Vault & AutoCAD
- Working with Vault & Autodesk Inventor
- Working with Vault & AutoCAD Electrical
- Working with Vault & AutoCAD Mechanical
- Working with Vault & Microsoft Office
- Common Vault tasks
- Organising & populating Vault
- Managing Vault

### IMPORTANT PRE REQUISITES FOR REMOTE DELIVERY OPTION VAULT TRAINING

In order to conduct your Vault Training Remotely, please ensure that each delegate has a version of the Vault AMDS console & the Vault Client installed on their local machine. This is to simulate a server/client setup, and will be required for each delegate on the course. After the training this can be removed. If you are unsure about this set up or how to do this contact the Cadspec team [info@cadspec.co.uk](mailto:info@cadspec.co.uk).
