

VAULT PROFESSIONAL PART 1 TRAINING

1 Day Autodesk Accredited Training Course
Onsite | Classroom | Remote

Objectives

The objectives of this course, is to cover the features and functionalities of the software. Hands-on exercises are included to reinforce lifecycle and revision management. Delegates are taught how to manage lifecycles, properties, categories, and revisions.

Audience

This training course is intended for delegates with Autodesk Vault Basic knowledge desiring to expand their skills to accommodate additional engineering workflows and data organisation.

Agenda

- Introduction to Autodesk Vault Professional
- Lifecycle States
- Revision Management
- Working with Categories
- Managing Properties
- Automatic File Naming
- Creating Reports
- Job Server

IMPORTANT PRE REQUISITES FOR REMOTE DELIVERY OPTION VAULT TRAINING

In order to conduct your Vault Training Remotely, please ensure that each delegate has a version of the Vault AMDS console & the Vault Client installed on their local machine. This is to simulate a server/client setup, and will be required for each delegate on the course. After the training this can be removed. If you are unsure about this set up or how to do this contact the Cadspec team info@cadspec.co.uk.
