

Vault Workgroup

1 Day Training Course

Objectives

The objectives of the Vault Workgroup is to cover the features and functionalities of the software. Hands-on exercises are included to reinforce lifecycle and revision management.

Delegates are taught how to manage lifecycles, properties, categories, and revisions.

Audience

This training course is intended for delegates with Autodesk Vault Basic knowledge desiring to expand their skills to accommodate additional engineering workflows and data organization.

Agenda

- Introduction to Autodesk Vault Workgroup
- Lifecycle States
- Revision Management
- Working with Categories
- Managing Properties
- Automatic File Naming
- Creating Reports
- Job Server

All courses are normally run on the latest software release. The agenda can be varied to suit a clients preferences and requirements. On completion of the course you will be presented with an Autodesk Authorised Completion Certificate. All our courses follow Autodesk approved coursework.

Adam Lewis

CAD Engineer
Bronx Engineering

“

The speed of our training course was perfect. It was split in to bitesize chunks so you are able to absorb the information better.

”

Locations

Bristol
Derby
Worcester
Pencoed
Leeds
